EXPERIENCE

AI Engineering Intern | Robotic Marketer Pty Ltd (Macquarie PACE Project) Jul 2025 – Nov 2025
Sydney, NSW

- ▶ Led a 6-member team to design and deliver an AI research-automation platform end to end, running Agile sprints in Jira and presenting outcomes to company stakeholders.
- ▶ Built an automated article-ranking pipeline combining SBERT embeddings, BM25 retrieval and LLM re-ranking (gpt-oss-20b on Groq), reducing manual review effort.
- ▶ Developed backend REST APIs in Flask and Django and a React frontend, connecting the ML pipeline to automated end-user workflows.
- ▶ Designed and tested API scrapers for Reddit and LinkedIn to assemble training datasets of 1000 articles.
- ▶ Produced feasibility analysis covering scalability, market opportunity and financial viability for the platform's commercial rollout.

Customer Interactions Consultant | Sime Darby Motors (BMW) Feb 2026 – Present
Sydney, NSW

- ▶ Operate seven enterprise platforms daily (Salesforce, XTime, AWP, ERA Power, WeCRM, Teams, Outlook) to coordinate end-to-end after-sales service cases across multiple dealerships.
- ▶ Manage 100 inbound/outbound customer interactions per day while maintaining accurate CRM records, follow-ups and SLA-driven case resolution.

PROJECTS
